

This certificate is confirmation that

Just Smile Limited

Have had all relevant electrical appliances inspected and tested for electrical safety to the requirements of the Electricity at Work Regulations 1989, in January 2022

All relevant cables are inspected and tested before each hire. All mains distribution equipment including distros are inspected and tested every 3-6 months.

Items that have passed can be identified by a **green** pass label. Items that have failed can be identified by a **red** fail label, and have been removed from service.
